

MSP Mandal's

Shri. Shivaji College, Parbhani.

Department of Microbiology & Botany

Summary Report on

Guest Lecture

Organized under DBT-Star College Scheme

Department of Microbiology & Botany, Shri. Shivaji College, Parbhani has organized an informative Guest Lecture on **“The Journey of Vaccines” under DBT STAR College Scheme** which was held on 3rd October 2025 for UG & PG students. The guest lecture has been organized to provide knowledge of historical development of vaccines. The speaker of the guest lecture was Dr. Anupama Pathak who is an Associate professor at School of Life Sciences, SRTM University, Nanded and has experience in mentoring students for the past 26 years.

A total of 67 students attend the Programme. The guest lecture began with an introduction and welcome address by Komal Choudhari, Asst. Professor, Dept. of Microbiology. After the introduction, Mrs. Manjiri Bhate, Head, Dept. of Microbiology felicitated the guest with flowers as a symbol of appreciation.

The session was then continued by Dr. Anupama Pathak, who began with an introduction to the Vaccines. She provided an in-depth look into the historical development of vaccines, the science behind how they work, and the latest innovations shaping future immunological strategies. The session aimed to provide students with a comprehensive understanding of vaccine efficacy, safety, and the ongoing challenges of public health communication.

The session was concluded by Ms. Dhanshri Deshmukh with a vote of thanks.
